B. For purposes of emergency response and notification to applicable authorities and posting for the public, a zoning enforcement officer may determine that a structure, property, or portion of a property constitutes a public nuisance pursuant to a memorandum of understanding with the Henderson County Department of Public Health.

126-4.04 Modifications to or dismissal of the public nuisance declaration.

- A. The department may modify conditions of the declaration or dismiss the declaration of a public nuisance.
- B. Such modifications or dismissal shall occur only after the department has confirmed that the violation no longer exists.
- C. The department will base its criteria for determining levels of contamination on the best health and safety information available at the time of the remediation and cannot be held liable for future discoveries.
- D. For good cause shown, the owner or occupant may request authorization from the department for an extension of time to complete abatement activities. The department may grant such extension if the extension does not increase the risk to public or safety and is deemed appropriate by the department. An extension will be no longer than 30 days and must show substantial improvement or the completion of that deadline will result in penalty.

126-4.05 Access to premises and records. The owner or occupant shall, upon the request of the department and after proper identification, permit access to all parts of the site or structure as often as necessary, and at any reasonable time for the purposes of inspection, remediation and abatement, and shall exhibit and allow copying of any and all records necessary to ascertain compliance with this Ordinance. **If the occupant will not permit entry upon the property, the department shall complete the requirements of an Administrative Search Warrant in order to inspect the complaint.**

126-5.01 DEPARTMENT owner notification. Upon declaration of a public nuisance, the DEPARTMENT shall give written notice of its determination and orders to abate the nuisance to the owner, occupant and property agent, if applicable. This notice shall be served in person, by regular mail, or by an officer authorized to serve a warrant and contain the following:

- A. Property location by street address, parcel identification number, or other property description.
- B. Information identifying the nature of the public nuisance at the property.
- C. A summary of the owner's and occupant's responsibilities under this Ordinance.
- D. Specific orders for abatement or remediation of the public nuisance.
- E. A date for completion of the abatement not to exceed thirty days following the receipt of the notice unless a shorter time is required due to the department's further determination that the immediate abatement is necessary to protect public and safety. In such cases, the reason for a shortened abatement period shall be specified.
- F. Information regarding a right of appeal as provided in Section 7 of this Ordinance and that, unless the threat to public is abated or removed in accordance with the terms of the notice, the department will have the public nuisance abated or removed at the expense of

the owner under the provisions of North Carolina Statutes 153A-132, this Ordinance, or other applicable state or local law.

126-5.02 Unknown or absent property owner. In the event the owner of the property is unknown or absent and has no known representative upon whom the notice can be served, the department shall post a written or printed notice on the property stating that, unless the threat to the public is abated or removed within thirty days, the department will have the public nuisance abated or removed at the expense of the owner under the provisions of North Carolina Statutes 153A-132, this Ordinance, or other applicable state or local law.

Any person other than the department or its designated agent that removes a warning sign shall be in violation of this Ordinance. A draft sign is attached to this ordinance as Appendix A.

126-5.05 DEPARTMENT abates public nuisance. If the owner, property agent or occupant, fails or neglects to comply with the requirements in the notice provided under Section 5.01 of this Ordinance, then the department shall abate or remediate the public nuisance described in the notice. The department will recoup such costs as necessary to abate the public nuisance as provided in Section 6 of this Ordinance.

The County shall extend the cost as assessed and charged against said real property.

B. When the estimated cost of abatement and remediation exceeds seventy-five percent of the County Assessor's market value of the structure, the County Manager or designee, is authorized to notify the property owner of the County's intent to remove and dispose of the affected property instead of proceeding with abatement and remediation. For motor vehicles, the County will use the Kelley Blue Book value or equivalent in determining market value.

C. Nothing herein precludes or limits the County from seeking recovery of costs through other methods allowed by federal or state law.

126-6.02 Subrogation Rights. Nothing in this Ordinance is intended to limit the subrogation rights of any party and the owner occupants. The County shall maintain the right to recover costs, referenced in this section, from persons contributing to the damage.

126-7.01 Right of Appeal. 16. **Real property**, real estate, and land means not only the land itself, but also buildings, structures, improvements, and permanent fixtures on the land, and all rights and privileges belonging or in any way appertaining to the property. SECTION 4: ADMINISTRATION.

4.01 Henderson County Ordinances. Except where otherwise specified, this Ordinance is subject to all provisions of the Henderson County Code.

4.03 Declaration as a public nuisance.

- A.** It shall be the duty of the DESD to determine whether or not a public nuisance exists.
- B.** For purposes of emergency response and notification to applicable authorities and posting for the public, a zoning enforcement officer may determine that a structure, property, or portion of a property constitutes a public nuisance pursuant to a memorandum of understanding with the Henderson County Department of Public Health.

4.04 Modifications to or dismissal of the public nuisance declaration.

- A.** The DESD may modify conditions of the declaration or dismiss the declaration of a public nuisance.
- B.** Such modifications or dismissal shall occur only after the DESD has confirmed that the violation no longer exists.
- C.** The DESD will base its criteria for determining levels of contamination on the best health and safety information available at the time of the remediation and cannot be held liable for future discoveries.
- D.** For good cause shown, the owner or occupant may request authorization from the DESD for an extension of time to complete abatement activities. The DESD may grant such extension if the extension does not increase the risk to public or safety and is deemed appropriate by the DESD. An extension will be no longer than 30 days and must show substantial improvement or the completion of that deadline will result in penalty.

4.05 Access to premises and records. The owner or occupant shall, upon the request of the DESD and after proper identification, permit access to all parts of the site or structure as often as necessary, and at any reasonable time for the purposes of inspection, remediation and abatement, and shall exhibit and allow copying of any and all records necessary to ascertain compliance with this Ordinance. *If the occupant will not permit entry upon the property, the DESD shall complete the requirements of an Administrative Search Warrant in order to inspect the complaint.*

4.06 Interference with the DESD. No person shall in any way interfere with or hinder the DESD in the performance of duties, or refuse the DESD access to gather information necessary to ascertain compliance with this Ordinance.

SECTION 5: INVESTIGATION AND RESPONSE TO A PUBLIC NUISANCE.

5.01 DESD owner notification. Upon declaration of a public nuisance, the DESD shall give written notice of its determination and orders to abate the nuisance to the owner, occupant and property agent, if applicable. This notice shall be served in person, by regular mail, or by an officer authorized to serve a warrant and contain the following:

- A. Property location by street address, parcel identification number, or other property description.
- B. Information identifying the nature of the public nuisance at the property.
- C. A summary of the owner's and occupant's responsibilities under this Ordinance.
- D. Specific orders for abatement or remediation of the public nuisance.
- E. A date for completion of the abatement not to exceed thirty days following the receipt of the notice unless a shorter time is required due to the DESD's further determination that the immediate abatement is necessary to protect public and safety. In such cases, the reason for a shortened abatement period shall be specified.
- F. Information regarding a right of appeal as provided in section 8 of this Ordinance and that, unless the threat to public is abated or removed in accordance with the terms of the notice, the DESD will have the public nuisance abated or removed at the expense of the owner under the provisions of North Carolina Statutes 153A, this Ordinance, or other applicable state or local law.

5.02 Unknown or absent property owner. In the event the owner of the property is unknown or absent and has no known representative upon whom the notice can be served, the DESD shall post a written or printed notice on the property stating that, unless the threat to the public is abated or removed within thirty days, the DESD will have the public nuisance abated or removed at the expense of the owner under the provisions of North Carolina Statutes 153A, this Ordinance, or other applicable state or local law.

5.03 Public notification. The DESD shall provide information in writing about the public nuisance declaration and potential hazard(s) to the following persons as applicable and appropriate:

The warning sign shall be posted on the entrance(s) of the structure or property and contain information sufficient to alert visitors or returning occupants to the site that it may be dangerous to enter and that entry is prohibited unless authorized by the DESD or the law enforcement department posting the sign. Any person other than the DESD or its designated agent that removes a warning sign shall be in violation of this Ordinance. A draft sign is attached to this ordinance as Appendix A.

5.05 DESD abates public nuisance. If the owner, property agent or occupant, fails or neglects to comply with the requirements in the notice provided under Section 5.01 of this Ordinance, then the DESD shall abate or remediate the public nuisance described in the notice. The DESD will recoup such costs as necessary to abate the public nuisance as provided in Section 6 of this Ordinance.

5.06 Vacating the public nuisance order. Upon DESD verification of proper abatement, remediation or removal at the site, the DESD shall issue written notice to those persons served notice under section 5.01 of this Ordinance that the public nuisance order is vacated. Notice shall also be provided, as applicable and appropriate, to those persons provided information under section 5.03 of this Ordinance.

SECTION 6: COSTS AND REIMBURSEMENTS.

6.01 Recovery of costs.

A. If the DESD is required to remove, abate or remediate a public nuisance; the County may recover costs incurred in removal, abatement or remediation in a civil action or, at the discretion of the County Board. The cost of enforcement action under this Ordinance may be assessed and charged against the real property on which the public nuisance was located. The County shall extend the cost as assessed and charged against said real property.

B. When the estimated cost of abatement and remediation exceeds seventy-five percent of the County Assessor's market value of the structure, the County Manager or designee, is authorized to notify the property owner of the County's intent to remove and dispose of the affected property instead of proceeding with abatement and remediation. For motor vehicles, the County will use the Kelley Blue Book value or equivalent in determining market value.

C. Nothing herein precludes or limits the County from seeking recovery of costs through other methods allowed by federal or state law.

6.02 Subrogation Rights. Nothing in this Ordinance is intended to limit the subrogation rights of any party and the owner occupants. The County shall maintain the right to recover costs, referenced in this section, from persons contributing to the damage.

SECTION 7: APPEALS.

7.01 Right of Appeal. When a public nuisance is declared, an owner and/or an occupant of the affected property may appeal the declaration, including an order for abatement or remediation from the DESD, by filing a written request with the Henderson County Zoning Board of Adjustment for an administrative hearing within ten calendar days of the date of service under sections 5.01. In the event of an unknown or absent property owner, the appeal must be requested within ten calendar days of the day of posting of the notice under section 5.02.

7.09 Notice of Decision. The decision of the **Zoning Board of Adjustment** shall be issued within ten calendar days following the hearing. Unless otherwise provided by law, the decision of the Zoning Board of Adjustment shall constitute the final decision unless the County Board modifies or rejects it as provided in section 7.10.

7.10 Further Appellate Rights. Any party aggrieved by a final decision is entitled to judicial review of the decision. A petition for a writ of certiorari by the party must be filed with the Court of Appeals not more than thirty calendar days after the party receives the final decision from the County Board.

SECTION 8: DISCLAIMER OF LIABILITY. Liability on the part of, or a cause of action against, Henderson County or any officer, employee or agent thereof for any

damages that may result from administration and enforcement of this Ordinance shall be limited as provided by North Carolina Statutes 153A.

§ 1-1. Henderson County Public Nuisance

Henderson County, North Carolina Development & Enforcement Department

DRAFT PUBLIC NUISANCE ORDINANCE

Staff has developed this packet to outline issues/items related to the adoption/enforcement of a Nuisance Ordinance. Two ordinances are attached; the draft presented during the April 3, 2006 Board of Commissioners Meeting and a new draft with several updates/revisions. Updates/revisions are printed in red.

Public education will be the key to the success of this County initiative. Cooperative efforts with the public will be a must. To this end, staff will undertake an aggressive media campaign to ensure public awareness of the need for new regulations and, most importantly, the manner in which they will be applied. Staff has developed the following public education plan that will be fine tuned as required:

PUBLIC EDUCATION TIMELINE

- First Week of May 2006: “Ordinance Adoption” Press Release delivered to all local media (newspapers, radio, television). Post ordinance on County web site.
- Second Week of May 2006: “What is a Public Nuisance” Press Release delivered to all local media (newspapers, radio, television).
- Third Week of May 2006 – End of May 2006: “What Can I Do with My Junk” Press Release delivered to all local media (newspapers, radio, television).
- Month of June 2006: Continue press releases to all local media.
- Month of June 2006: Begin HCTV-11 text programming.
- First Week of July 2006: Open Line interview on WHKP.
- First Week of July 2006: Video segment on Channel 11.
- Second Week of July 2006 – September 1, 2006: Continue press releases to all local media and programming on HCTV-11.
- September 1, 2006: Continue press releases explaining enforcement procedures.

Several outlets are available for the removal of nuisances, especially junk vehicles and abandoned mobile homes. The Henderson County Landfill accepts almost all forms of non-hazardous solid. Furthermore, a local salvage company will pick-up cars for a limited fee depending upon market rate of recyclables. For vehicles delivered to the salvage yard, the company will pay \$5.50 per 100 pounds (as of 4/12/06) for junk vehicles. The company accepts scrap metal and old appliances at different rates. Staff has found that many towing companies will pick up vehicles for little or no cost.

Staff recommends that upon ordinance approval the County offer a 60-day “voluntary compliance period”. This “voluntary compliance period” will begin with staff notifying possible violators that new regulations have been approved and that their properties are possibly in violation. Violators will have from the beginning of the “voluntary compliance period” until September 1, 2006 to bring their property into compliance with the new regulations.

On September 1, 2006, person who have not removed public nuisances from their property will be formally notified that they are in violation of the Ordinance. After formal notification staff will begin enforcement procedures as prescribed by the Ordinance. As always, staff will work

with citizens to ensure compliance in a reasonable amount of time as allowed by the Ordinance.

It should be noted that notices of violations will not be issued until violations have been confirmed by staff. Staff will attempt to contact property owners in person or by telephone before sending required notices. Property owners will be directed to remove violations and will be given the right of appeal before the Board of Adjustment. If a violation still exists after all notifications, appeals, and extensions have been exhausted, the County can either remove the violation at the cost of the property owner or seek civil penalties.
