Dear Nula,

I regret to inform you that I must resign from the Nursing/Adult Care Home Community Advisory Committee. My class schedule at UNC-Charlotte has proven to be too full to allow me the time to participate.

I will be delighted to re-apply once my PhD at UNC-Charlotte is complete.

Thank you so much for your continued work on this committee. It, and you, perform a valuable service for our community. I look forward to volunteering my time once I'm back home in the mountains.

Sincerely,

Elizabeth M. Tait

Dear Terry,

I send this letter with regret as I feel that I must resign from the Advisory Council. I have been having reoccurring health problems that have prevented me from completing the required training and making it difficult to attend the monitoring trips.

This is a most worthwhile endeavor to ensure the quality of care and of life for the residents of the long term care facilities. The group of people in Hendersonville seem to be a very caring and dedicated council. I would like to have continued as part of it.

Thank you for your patience with me, Terry.

Also, Terry, if you would do me a favor. Would you cancel the reservation for me for the dinner on October 24? As I am no longer part of the Council I would not be entitled to attend but certainly the rest of the group have certainly earned it.

Continued success with the Advisory Council.

Sincerely,

Barbara Nicholls
