NOV 20 2006

Bill Moyer, Chairman  
Henderson County  
Board of Commissioners

With regrets, I am submitting to you my resignation from the Henderson County Board of Adjustments effective this date. Deteriorating visual acuity which has resulted in restricted driving privileges along with difficulties with off-cuff reading of print documents requiring the use of visual aids (jewelers hoods, etc) has prompted this action. Recent cases before the Board requiring extensive case data reviews brought this situation into sharper focus highlighting my need to take this action.

I have enjoyed serving our county in this volunteer capacity and will continue to offer any service toward moving our county forward in the future.

Regards

Dale Caldwell

Adjustments
