Re: NC DOT Public Hearing on Secondary Roads

Ann Tate called today from NCDOT. She would like to schedule the Secondary Road public hearing for Henderson County for one of the following dates:

January 22-26, 2007

February 5-9, 2007

February 12-16, 2007

Of course, she has to coordinate with several districts for these public hearings. I'm sure she will be in touch again as some of the surrounding counties set their dates. NCDOT normally likes to do a couple in the same day, in adjoining counties.
