GASB Statement #54 Requirements for Tax Revaluation Funds

## **SUMMARY OF REQUEST:**

The Governmental Accounting Standards Board (GASB) is the national rulemaking body for local governments on accounting and financial reporting issues. The GASB has issued their Statement number 54 which basically states that for a Tax Revaluation Reserve Fund to be a standalone Special Revenue Fund and not combined with the County's General Fund, the governing body must take action that names a specific revenue-source to be set aside and used for tax revaluations.

Our external auditors, Martin Starnes & Associates, CPAs, P.A., have reported to Staff that action by the Board of Commissioners must be taken in the current fiscal year to name a specific revenue source to be used for the Tax Revaluation Reserve Fund so that it can be reported as a Special Revenue Fund separately from the General Fund in the County's June 30, 2011 Comprehensive Annual Financial Report.

### **BOARD ACTION REQUESTED:**

Staff is requesting that the Board take action to name ad valorem taxes as the specific revenue source to be used to fund the County's Tax Revaluation Reserve Fund for the current fiscal year ending June 30, 2011. For future fiscal years, this issue will be addressed in the budget ordinance to be adopted by the Board annually.

## Suggested Motion:

I move that the Board of Commissioners name ad valorem property taxes as the specific revenue source to be used to fund the County's Tax Revaluation Reserve Fund for the current fiscal year ending June 30, 2011.
