Reference- Request to remove obsolete mobile radios from inventory

Gentlemen,

It is my request that the Henderson County Sheriffs Office be allowed to remove the attached radios from our inventory. This past year, the FCC mandated ALL radios nationwide to be able to transmit on a narrow band frequency. These radios are not capable of this. They are 15-20 years old, many wont operate period and could not be sold as surplus, as whomever purchased them would be subject to a \$10,000.00 fine per radio if they were put into service.

I am requesting that we be able to sell these to a scrap metal yard and whatever money we receive from them, be allocated to use for DARE Camp.

Thank you for your consideration sirs.

Lieutenant Tim Griffin
Henderson County Sheriff's Office
