SUMMARY OF REQUEST:

With the adoption of the Land Development Code (LDC) on September 19, 2007, the Board of Commissioners directed staff to prepare annual updates to the LDC to prevent it from becoming outdated. This annual review is intended to prevent the need for a large overhaul of the entire code in the future. Trends and new issues are regularly emerging that require periodic updates to LDC text.

The proposed text amendments included: sign amendments based on recent court rulings, clarifications to the code for boards and committees, creating uniform setbacks for the OI zoning district, reduce requirements for accessory residential dwellings and accessory structures, clarify the definition of home schools, and amendments identified by the Sheriff's Office which include a new temporary use for special events and related amendments to the noise ordinance.

The Henderson County Planning Board has been discussing the draft text amendments for several meetings and voted to send forward a favorable recommendation on the attached draft LDC and Noise Ordinance text amendments (TX-2015-01).

PUBLIC NOTICE:

The required public notice of this hearing was published in the Hendersonville Tribune on March 24th, 2016 and March 31st, 2016 (See Attachment 3, Certification of Notice of Public Hearing).

BOARD ACTION REQUESTED:

State law and the LDC require the Board of Commissioners to hold a public hearing prior to acting on a text amendment and adopt a written statement of consistency with the County Comprehensive Plan.

Suggested Motion:

*I move that the Board adopt the attached resolution regarding the consistency with the CCP,
and*

I move that the Board adopt the proposed LDC and Noise Ordinance text amendments.

2015 LDC Draft Text Amendments (TX-2015-01)

Recommended changes are highlighted in red.

LDC Text Amendment A: Sign Regulation Amendments.

Issue: In *Reed v. Town of Gilbert*, the Supreme Court held unanimously that Gilbert’s Sign Code, which treats various categories of signs differently based on the information they convey, violates the First Amendment. The Court concluded that the sign categories in this case are based on content because they draw distinctions based on the message a speaker conveys. Temporary directional signs are “no greater an eyesore” and pose no greater threat to public safety than ideological or political signs.

Recommendation: Amend the sign regulations to prevent a violation of the First Amendment. Amend applicable section below and reformat section numbering.

LDC Text Amendment B: Accessory Structures.

Issue: Accessory structures are not currently permitted in the front yard unless it is attached to the principal structure. Property owners with large parcels who have substantial amounts of front yard acreage cannot utilize this area for accessory structures due to the placement of the principal home, nor can property owners with topography issues or small lot sizes. Several requests have been made by individuals to amend this requirement.

Recommendation: Allow accessory structures in the front yard provided it meets the required front yard setbacks. Subdivisions with restrictive covenants would still apply but not be regulated by the County.

Amend applicable sections below.

§ 42-27 B (5), §42-28 B (4), §42-29 B (4), §42-30 B (2), §42-31 B (2), §42-32 B (4), and §42-33 B (5)

Accessory Structures shall be located in *side* and *rear* yards and shall be *setback* a minimum of five (5) feet from any property line. **Placement in the front yard is allowed provided it meets the applicable front yard or ROW setback.**

LDC Text Amendment C: Amend Zoning Board of Adjustment Procedures.

Issue: G.S. 160A-388 requires that quasi-judicial proceedings for variances require a four-fifth vote. All other quasi-judicial proceedings conducted by the Zoning Board of Adjustment (ZBA) require a majority vote. As requested by the County Attorney, this provision should be clarified.

Recommendation: Clarify the required four-fifths vote for variances and a simple majority vote for all other quasi-judicial proceedings.

§ 42-305. Henderson County Zoning Board of Adjustment

- B. Membership. Five (5) regular members and five (5) alternate members appointed by the Board of Commissioners. Members shall be citizens of Henderson County and shall serve without pay. Alternative members may serve on individual matters based on a regular member's temporary disqualification. Vacant seats and disqualified members are not considered in calculating a 4/5 vote **or majority vote** if there are no qualified alternates.
- H. Decisions. ~~The concurring vote of four-fifths (4/5) of the members of the Zoning Board of Adjustment shall be necessary to reverse any order, requirement or determination of the approving official or agency, or to decide in favor of the applicant on any matter upon which it is required to pass under this Chapter, or to affect any variation of this Chapter.~~ The concurring vote of at least four of the five members (or four-fifths) of the panel of the Zoning Board of Adjustment (ZBA) actually hearing the matter shall be necessary to grant a variance. A majority of the panel of ZBA shall be required to decide any other quasi-judicial matter which it is required to pass under this Chapter. On all *appeals*, applications and other matters brought before the ~~ZBA Zoning Board of Adjustment~~, said Board shall inform those making *appeal* or application of its decisions and the reasons therefore. Such notification shall be in writing.

§ 42-306. Henderson County Water Quality Board

- E. Decisions. The concurring vote of ~~the majority four-fifths (4/5)~~ of the members of the Water Quality Board shall be necessary to reverse any order, requirement or decision of the *Water Quality Administrator*. The same ~~majority four-fifths (4/5)~~ vote shall be necessary to decide in favor of the *applicant* on any matter upon which the Water Quality Board is required to pass under any sections of this Chapter which relate to *water supply watershed* protection or to affect any variation of those sections of this Chapter which relate to *water supply watershed* protection. On all *appeals*, applications and other matters brought before the Water Quality Board, said board shall inform in writing all parties involved of its decisions and the reasons therefore.

§ 42-307. Henderson County Flood Damage Prevention Board

- E. Decisions. The concurring vote of ~~the majority four-fifths (4/5)~~ of the members of the Flood Damage Prevention Board shall be necessary to reverse any order, requirement or decision of the *Floodplain Administrator*. The same ~~majority four-fifths (4/5)~~ vote shall be necessary to decide in favor of the *applicant* on any matter upon which the Flood Damage Prevention Board is required to pass under any sections of this Chapter which relate to flood damage prevention or to affect any variation of any sections of this Chapter which relate to flood damage prevention. On all *appeals*, applications and other matters brought before the Flood Damage Prevention Board, said board shall inform in writing all parties involved of its decisions and the reasons therefore.

§ 42-356. Special Use Permits

- A. H. Quasi-judicial Proceeding. The concurring vote of ~~the majority a four-fifths (4/5)~~ of the members of the ZBA shall be necessary to grant the permit. Vacant seats and disqualified members are not counted in computing the simple majority. Any approval or denial of the request must be in writing and be permanently filed with the office of the ZBA and with the *Zoning Administrator* as a public record.

LDC Text Amendment D: Reduce Front Yard Setbacks for OI Zoning District.

Issue: The front yard setbacks for the Office Institutional (OI) zoning district is more restrictive than the front yard setbacks of other commercial zoning districts. The Board reduced the front setbacks in commercial zoning districts with a previous round of amendments, but the OI zoning district was not included.

Recommendation: Reduce the current front yard or ROW setback for each road classification in the OI zoning district to the same standards as commercial zoning districts.

LDC Text Amendment E: Add a Temporary Use for Special Events.

Issue: The LDC does not currently have a temporary use category for special events. These events typically occur over a weekend period and occur once or twice a year depending on the event. Since these events directly impact fire, safety and EMS, particularly if alcohol is served, the Sheriff’s office requested that staff consider a specific permitting process that would address these concerns.

Recommendation: Add a temporary use type for Special Events based on size with specific supplemental requirements comparable with similar uses in the LDC.

- (4) Site Plan. Minor *Site Plan* required in accordance with §42-330 (Minor Site Plan Review). - (8) Accessibility. County staff acting in their official duties may inspect the event for compliance with the temporary use permit seventy-two (72) hours prior to the start of the event.
- (9) Prohibited Activities. All unlawful activities are prohibited.

LDC Text Amendment F: Reduce Requirements for Accessory Residential Dwellings:

Issue: Currently the LDC has specific requirements regulating the size, accessibility and location of accessory dwellings. These are dwellings that are allowed on lots with an existing principal dwelling unit. Accessory residential dwellings may consist of guest units, cabins, garage apartments or mother-in-law suites. The existing regulations are too restrictive for large lots that can accommodate accessory units in the side or rear yard, for property owners that request to build an apartment over an existing or new garage or barn, if the principal dwelling has a small footprint, or if the accessory dwelling has an alternative access from the primary driveway.

Recommendation: Amend the supplemental requirements for accessory residential dwellings to remove the size, accessibility and location requirements.

SR 3.6. Dwelling, Accessory Residential

- (1) Maximum Number Permitted Per Lot. No more than one (1) *accessory dwelling* shall be permitted on a single deeded *lot* in conjunction with the principal *dwelling unit*.
- (2) Structure Requirements.
 - a. An *accessory dwelling* may be attached, within, or separate from the principal dwelling.
 - b. The *principal use* of the *lot* shall be a detached or attached dwelling, built to the standard of the Henderson County Housing Code. *Manufactured homes* are permitted as *accessory dwellings* where such are permitted as a *principal use* in the general use zoning district. *Mobile homes, park model homes and recreational vehicles* shall not be used as *accessory dwellings*.
- ~~(3) Size. A detached *accessory dwelling* shall be housed in a *building* not exceeding 50 percent of the *gross floor area* of the principal dwelling or 1,200 square feet, whichever is greater; the structure may be a dwelling only or may combine a dwelling with a *garage, workshop, studio or similar use*.~~
- ~~(4) Accessibility. The *accessory dwelling* shall not be served by a *driveway* separate from that serving the principal dwelling unless the *accessory dwelling* is accessed from a *rear alley or side road* and the principal dwelling is accessed from a *road*.~~
- ~~(5) Location. A detached *accessory dwelling* shall be located in the established *rear yard* and shall meet the standards for the applicable *building and lot type*.~~

LDC Text Amendment G: Add a Definition for Separation Setbacks:

Issue: The supplemental requirements have separation setbacks for specific uses. The LDC has no definition for what is meant by a separation requirement or measurement for these uses. Staff proposes adding a definition to clarify the county’s existing policy for interpretation of how the separation requirement is determined.

Recommendation: Add a definition for separation setbacks for clarification.

Separation. A separation setback is measured from the boundary area identified on a site specific plan denoting where the permitted use will occur. The separation setback is not measured from the parcel boundary unless the permitted use utilizes the entire parcel. The

separation setback shall apply to the *use* and any *structures* associated with the *use* (this shall not include parking areas).

LDC Text Amendment H: Clarify Requirements for Home Schools:

Issue: Home schools are permitted in all districts and must be qualified in accordance with NCGS §115C, Article 39. Home schools typically occur in residential dwellings, but can occur in multiple locations or structures (churches, community centers, etc.). Home schools are treated as residential dwellings and the LDC needs to clarify this interpretation.

Recommendation: Clarify the definition of home schools.

School (Home). A nonpublic school in which one or more children of not more than two (2) families or households receive academic instruction from parents or legal guardians or a member of either household. Such schools must be qualified in accordance with NCGS §115C, Article 39, Part 3 (or its successor). **For the purpose of this chapter, a home school shall be considered the same as a residential dwelling and shall meet all separation requirements as such.**

Noise Ordinance Text Amendments

Recommended changes are highlighted in red.

Issue: The Sheriff's Office has identified needed amendments to the noise ordinance. These amendments consist of clarifications, enforcement requirements and amendments to allow noise associated with events that have a valid permit.

Recommendation: Amend the following sections.

§18-3. Loud And Disturbing Noise Prohibited.

- C. (3) The keeping, owning, possessing, harboring or controlling of any animal or bird which barks, bays, yelps, howls, cries, squawks or makes any other unreasonably loud, disturbing noise continuously ~~or incessantly~~ for a period of 10 minutes **in the presence of a law enforcement officer, or with a signed witness statement alleging the disturbing noise has been intermittent for thirty minutes or more** ~~or intermittently for a period of 30 minutes or more, thereby causing a noise disturbance.~~ See also Henderson County Code Chapter 16, Animals.

§18-4. Exceptions.

- A. (8) Noise associated with the chimes, ~~or~~ bells, **audible phone or paging system** of businesses, schools, camps or religious institutions in the daytime hours, provided that they operate for no more than 10 minutes in any hour.
- (11) **Noise associated with special events that have a valid permit issued by Henderson County between the hours of 7:00 am -11:00 pm.**

Land Development Code Text Amendment C: Amend Zoning Board of Adjustment Procedures

Issue: G.S. 160A-388 requires that quasi-judicial proceedings for variances require a four-fifth vote. All other quasi-judicial proceedings conducted by the Zoning Board of Adjustment (ZBA) require a majority vote. As requested by the County Attorney, this provision should be clarified.

Henderson County Planning Department

Land Development Code Text Amendment F: Reduce Requirements for Accessory Residential Dwellings

Issue: The existing regulations for accessory residential dwellings are too restrictive for: large lots that can accommodate accessory units in the side or rear yard, property owners that request to build an apartment over an existing or new garage or barn, principal dwellings with a small footprint, or accessory dwellings with an alternative access from the primary driveway.

Recommendation: Amend the supplemental requirements for accessory residential dwellings to remove the size, accessibility and location requirements.

Henderson County Planning Department

Land Development Code Text Amendment G: Add Definition for Separation Setbacks

Issue: The supplemental requirements have separation setbacks for specific uses. The LDC has no definition for what is meant by a separation requirement or measurement for these uses. Staff proposes adding a definition to clarify the county's existing policy for interpretation of how the separation requirement is determined.

Recommendation: Add a definition for separation setbacks for clarification.

Separation. A separation setback is measured from the boundary area identified on a site specific plan denoting where the permitted use will occur. The separation setback is not measured from the parcel boundary unless the permitted use utilizes the entire parcel. The separation setback shall apply to the *use* and any *structures* associated with the *use* (this shall not include parking areas).

Land Development Code Text Amendment H: Clarify Requirements for Home Schools

Issue: Home schools are permitted in all districts and must be qualified in accordance with NCGS§115C, Article 39. Home schools typically occur in residential dwellings, but can occur in multiple locations or structures (churches, community centers, etc.). Home schools are treated as residential dwellings and the LDC needs to clarify this interpretation.

Recommendation: Clarify the definition of home schools.

School (Home). A nonpublic school in which one or more children of not more than two (2) families or households receive academic instruction from parents or legal guardians or a member of either household. Such schools must be qualified in accordance with NCGS §115C, Article 39, Part 3 (or its successor). **For the purpose of this chapter, a home school shall be considered the same as a residential dwelling and shall meet all separation requirements as such.**
