**2. Current Zoning**

2.1. **Application of Current Zoning:** The subject area was zoned Industrial (I) on September 19, 2007 with the adoption of the Land Development Code.

**Map B: Current Zoning**

2.2. **Adjacent Zoning:** The subject area is adjacent to Industrial (I) to the south and is adjacent to the Town of Fletcher municipal limits to the north-west. The subject area is surrounded by Residential One (R1) in all other directions.

**2.3. District Comparison:**

2.3.1. **R1 Residential District One:** *“The purpose of Residential District One (R1) is to foster orderly growth where the principle use of land is residential. The intent of this district is to allow for medium to high density residential development consistent with the recommendations of the Comprehensive Plan. This general use district is typically meant to be utilized in areas designated as Urban in the Comprehensive Plan”* (Chapter 200A, Land Development Code §42A-27).

(1) R1 requires 10 foot side and rear setbacks, maximum height 40 feet, and a standard density of four (4) units per acre (maximum density of 16 units per acre).

2.3.2. **I Industrial Zoning District:** *“The purpose of the Industrial District (I) is to foster orderly growth where the principal use of land is a mixture of industrial and heavy commercial. The intent of this district is to allow for industrial and heavy commercial development consistent with the recommendations of the Comprehensive Plan. In accordance with the Comprehensive Plan, the district will allow for and provide industrial and heavy commercial development that: (1) is compatible with adjacent development and the surrounding community; (2) will minimize conflict between land uses; and (3) is sensitive to its impact on surrounding land uses and the environment (natural and man-made)”* (LDC §42A-36).

(1) I (Industrial) requires 20 foot side and rear setbacks; (2) establishes a maximum building height of 72 feet; (3) Provides an 80% maximum impervious surface area and a unlimited maximum floor area (Chapter 42A, Land Development Code §42A-36)

### 3. **Current Uses of Subject Area and Adjacent Properties**

3.1. **Subject Area Uses:** The subject area parcel is currently vacant.

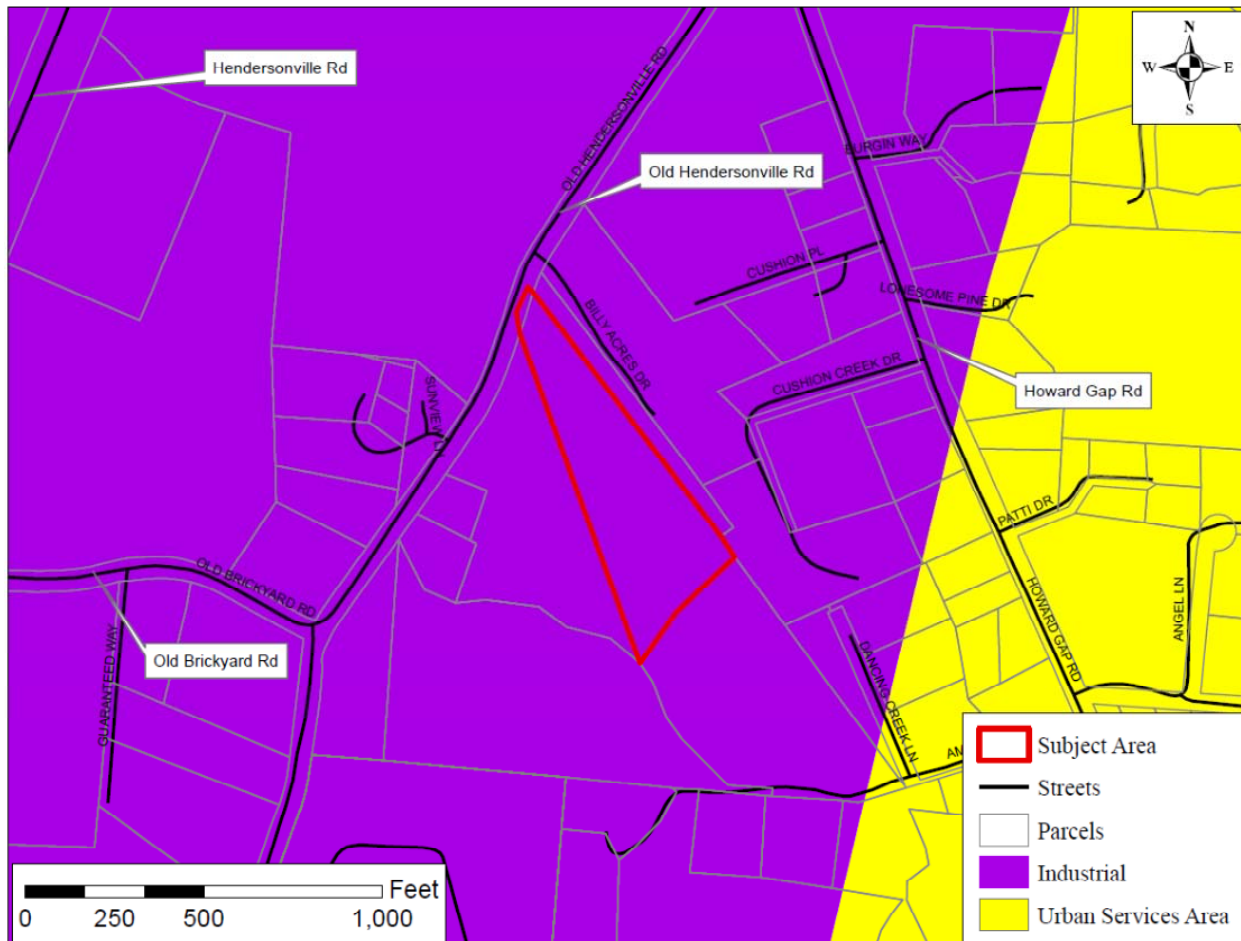

3.2. **Adjacent Area Uses:** The surrounding properties are primarily residential uses. Fletcher Warehousing Co is located across Old Hendersonville Road and a Republic Waste Management equipment storage facility touches the subject area to the south.

**4. The Henderson County 2020 Comprehensive Plan (CCP)**

The CCP Future Land Use Map identifies the subject area as being located in the Urban Services Area and Industrial Area (USA)(2020 CCP, Pgs. 128, 129 & Appendix 1, Map 24) (See Map C).

- 4.1. **Urban Services Area:** The CCP states that, “the USA will contain considerable commercial development at a mixture of scales,” and further, “all regional commercial development should be concentrated here. Commercial development will exist within predefined zoning districts whose standards and configuration are in keeping with the surrounding community. The USA will essentially contain all existing and future industrial developments, which will be the future focus of economic development activities” (2020 CCP, Pg. 129).
- 4.2. **Industrial Area:** The CCP states that, “most defined industrial areas should lie within the Urban Services Area, and in other areas on a very limited basis. Most industrial uses should be segregated from other uses with the exception of Regional Commercial uses” (2020 CCP, Pg. 136).

**Map C: 2020 County Comprehensive Plan Future Land Use Map**

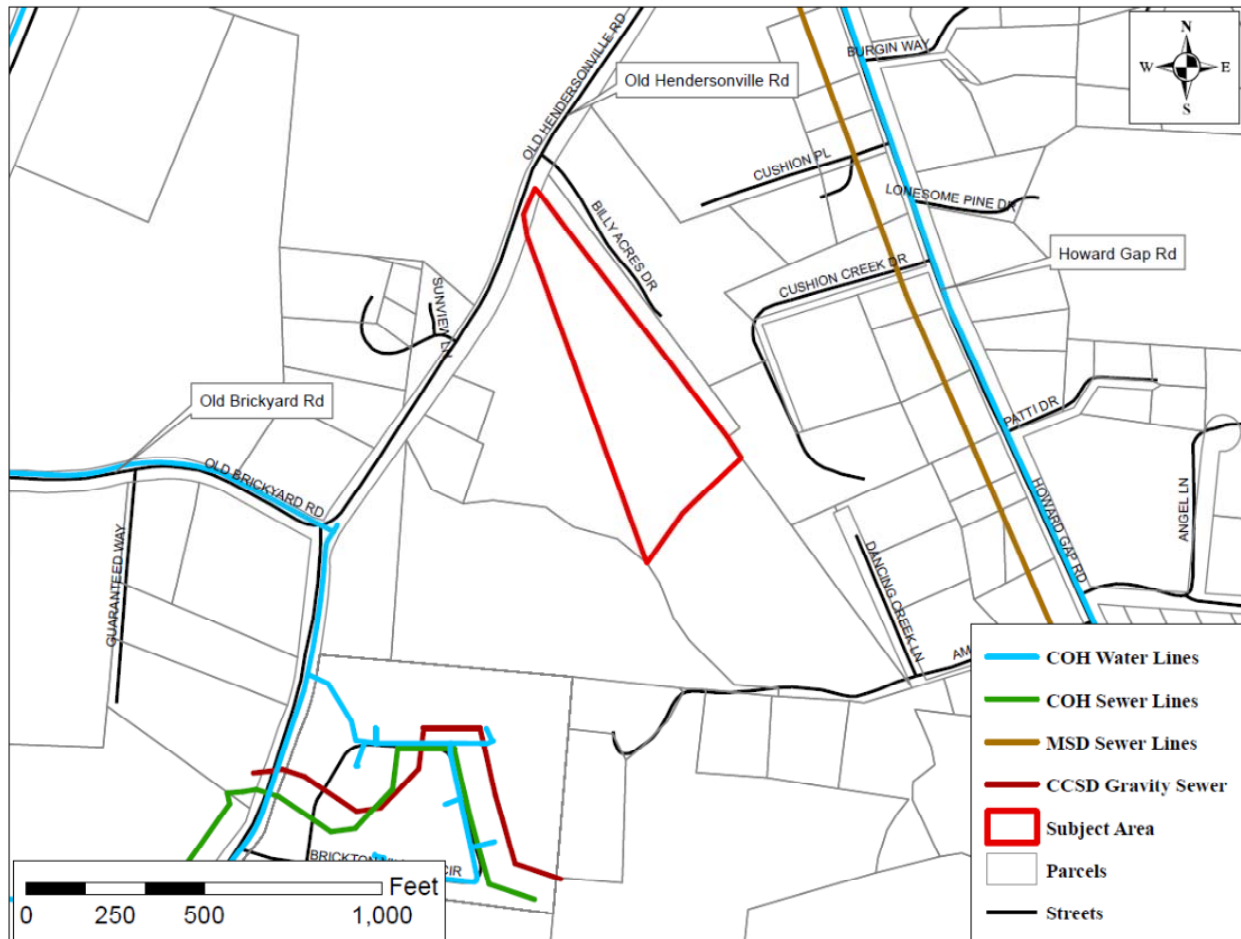

**5. Water and Sewer**

5.1. **Public Water:** A City of Hendersonville water line runs very close to the project area along Old Brickyard Road and the southern portion of Old Hendersonville Road. (See Map E).

5.2. **Public Sewer:** Metropolitan Sewer District sewer line runs along Howard Gap Road. A Cane Creek sewer line and City of Hendersonville sewer line run into the Brickton Village Condos. (See Map E).

**Map E: Water and Sewer Map**

**6. Staff Comments**

6.1. **The 2020 CCP:** The CCP Future Land Use Map (See Map C) places the Subject Area in the “Urban Services Area” classification. The text and map of the 2020 CCP suggest that the Subject Area would be suitable for high-density residential, commercial or industrial development. The CCP indicates that the USA may be suitable for commercial development provided the development is in keeping with the surrounding community.

6.2. **Adjacent Zoning:** The subject area is adjacent to Industrial (I) zoning to the south and is adjacent to the Town of Fletcher municipal limits to the north-

west. The subject area is surrounded by Residential One (R1) in all other directions.

- 6.3. **Comparison of Districts:** The existing Industrial zoning district does not allow for residential uses. Applying Residential One (R1) zoning will allow for all types of residential uses except for single wide mobile homes with a standard density of 4 units per acres. R1 also allows, with a special use permit, all types of multi-family residential uses with a maximum residential density of up to 16 units per acre.
- 6.4. It is generally incumbent upon the Applicant to demonstrate an overriding justification for approving a given rezoning application. Staff encourages the Applicant to present any information that would inform the County's consideration of the proposed rezoning. The Technical Review Committee, Planning Board, and the Board of Commissioners cannot consider any specific proposed use for the property and must only consider the range of possible uses when reviewing and making recommendations on the rezoning request.

## 7. **Staff Recommendations**

- 7.1. Staff's position at this time, under the guidelines of current plans, policies and studies, is it supports the rezoning of the Subject Area to Residential One (R1) consistent with the recommendations of the Henderson County 2020 Comprehensive Plan.

## 8. **Technical Review Committee Recommendations**

- 8.1. TBD.

## 9. **Planning Board Recommendations**
