There was alot of discussion including building code enforcement, inspection departments, zoning boards and planning boards.

Commissioner Baker commended the City for suggesting a consolidated planning department.

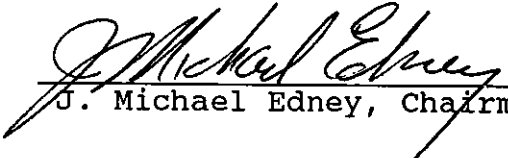

It was determined that both Boards are committed to the idea of a joint department and that the next step would be to set up a subcommittee. After discussion it was determined that the subcommittee would be composed of two appointments from the City, two from the County, County Planner Matt Matteson, State Planner, and two appointments from Laurel Park and two from Fletcher if they are interested in participating.
