Commissioners, County Staff, Affiliates and Related Organizations,

It is time to begin the NCACC legislative goals development process for the 2019-2020 biennium. We are inviting all counties, affiliates and related organizations to submit their legislative proposals to the Association. The NCACC goal setting process is open, inclusive and deliberative, and is designed to give all 100 counties a voice in developing the Association's legislative agenda.

Before each biennial session of the General Assembly, counties and their partners submit proposals to the Association. Commissioners from all across the state review, debate and ultimately approve a comprehensive goals package. When working on legislation that may impact counties, policy makers appreciate that all 100 counties have had an opportunity to be involved in our

process. A significant value of the Association is being able to speak with one voice representing all 100 counties. This process allows us to have that impact.

Discussion by your Board of potential goals and receipt of your proposals is critical to the success of our process. Please go to ncacc.org/legislativegoals for information about rules, procedures and guidelines for the legislative goals adoption process.

When submitting your goals, please keep in mind the following:

- Submit your goal proposal via the NCACC website.
- Goals may be submitted in any of the following formats: a resolution approved by the Board of Commissioners, a letter from the Chairman of the Board on behalf of the entire board, or by letter from an affiliate organization.
- Proposed goals received on or before September 21 will be referred to the appropriate steering committee for review and consideration.

Please note the following schedule for your planning purposes:
