- 2. Phil Rasmussen feels a 3-lane road for Highway 191 would work better.
- 3. Bill Hogan feels a 3-lane road would work better on Highway 191 than a 4 lane. The biggest traffic issue is at the schools and could be resolved with turning lanes. More study should be done by the NCDOT.

Main Library Roof Replacement Bid Acceptance

The adopted Henderson County North Carolina Budget Ordinance for fiscal year July 1, 2018 - June 30, 2019, includes the Main Library roof replacement as a part of the approved Facilities Services Planned Projects. Pursuant to the NC State statues 143-128 through 143-135.9, the project was formally bid on January 31, 2019 resulting in a low bid of \$628,000.00 by AAR Roofing of Kernersville, NC. Henderson County Project Management and Facilities Services utilized the services of REI Engineers to develop specifications and plans for the roof replacement project at a cost of \$15,600.00. The total project cost will therefore be \$643,600.00. The total budgeted amount for the project was \$582,367.00.

As agreed upon by Facilities Services staff, the project engineering and bid overage (\$61,233.00) is being

offset and allowed by savings incurred (\$68,600.00) on the completed Facilities Services Planned Project for the Cooperative Extension roof Replacement.

Staff requests the Board authorize the execution of contract with AAR roofing so that staff can proceed with the roof replacement at the Main Library.

Motion:

I move to accept low bid of \$628,000.00 by AAR Roofing for the Main Library Roof Replacement.

Commissioner McCall stated the Heritage Museum will provide the plaque, and will be included in the opening ceremony for the Apple Festival. The Heritage Museum will also have story boards describing the event on display during this year's Apple Festival.

Motion:

I move the Board approves the Heritage Museum's request to place a plaque commemorating President Bush's visit in the lobby of the Historic Courthouse, and direct staff to work with the Museum on the location.

2019-24 Resolution - School Construction Bond 2019 - Add on

North Carolina Senate and the North Carolina House of Representatives have legislation under consideration to assist North Carolina County Governments with the financing "for public school facilities through grants to counties for public school capital outlay projects and repairs and renovations."

The formula for distribution to Local Education Agencies (LEAs), though not specifically cited, includes funding for: Average Daily Membership (ADM), Low-Wealth County, ADM Growth, and an Adjustment Factor. Using the current formula, the total for Henderson County, with 13,316 students (17-18 ADM) is \$10,000,000. As a point of comparison, Jones County with 1,065 students, would also receive \$10,000,000.

Motion:

I move that the Board adopt the Resolution in support of a distribution method that appropriates funding on a per pupil (ADM) basis, and requires a local match to access the funding.

DSS UPDATE - FAMILY CENTERED RECOVERY / THE DUKE ENDOWMENT GRANT

Dr. Jennifer Hensley, DSS Board Chair - Kevin Marino, Social Work Program Administrator, HC DSS

Jackie Latek, Executive Director SPARC Foundation (SPARC Foundation is a non-profit organization with the mission to keep people out of institutional care, jails, mental health hospitals, and foster care. They believe in second chances and feel that if education, resources and support are brought to people in the community, they can better serve and be more effective.)

The Department of Social Services provided informational updates to the Board of Commissioners regarding various Social Services issues. The March 2019 update, provided by DSS Board Chair Dr. Jennifer Hensley, provides an informational update regarding the Family Centered Treatment Program funded by the Duke Endowment Grant awarded to HC DSS in December 2017. HC DSS is working in partnership with The SPARC Foundation and The Family Centered Treatment Foundation to serve parents with substance use disorder who have been substantiated for abuse or neglect by HC DSS.

Dr. Jennifer Hensley stated the DSS Board provided information to the commissioners approximately one and a half years ago on a treatment program that Henderson County was pioneering along with SPARC Foundation. At the end of 2017, Henderson County was awarded a Duke Endowment (three year grant) of \$415,961.00. Since its inception in 1924 Duke Endowment has funded \$3.7 billion in grants with the main objective of strengthening the community, enriching children's lives, and enriching health and wellness. The grant is allowing Henderson County to do amazing things.

Kevin Marino stated DSS and their partner the SPARC Foundation, have been providing the Family Center Recovery program for about 4.5 years with funds from the grant. Many outcomes are seen with the intensive service that deals directly with family and family systems. With Family Center Recovery, it was determined early on that we need something more intensive that deals with the family system. What happens in today's substance abuse system is that the person effected by substance abuse issues is taken out of the family, they go to outpatient treatment and to intensive outpatient groups where they do all of their own work by themselves. Meanwhile the family system has learned all of these different behaviors that revolve around the substance misuser. They also have to be in recovery. DSS has combined a lot of different services that intensively treats the entire family system. A licensed clinical addiction specialist is involved as well as a peer support specialist. A lot of evidence today shows that this combination is a more effective way to treat families.

One of the main reasons for this program is that families that are involved in child protection services have so many competing appointments that they must go to and they still have to work and balance family life. Even though they are not making great decisions in the moment, we must figure out how to condense the barriers to treatment with transportation being one of the key barriers. This service is provided in the home with the families and treating every member of the family. Thus far of the 6 families served (9 kids), 6 of those kids are home. DSS has a meeting coming up with VAYA, and VAYA is very interested in giving DSS a Medicaid service definition for this service.

Jackie Latek stated with this particular service we know that we are going to be in family's homes and working with them intensively anywhere from 9-12 months. They may come to us with their kids still in their custody in their homes or their children may have already been removed and are in foster care. Our goal is to work with those parents to get them to a place where DSS feels the safety of the children can be secured and the children returned to their homes with parents. Through that course of treatment we will typically spend 2-3 sessions per week with each session lasting a minimum of two hours, and lasting approximately 1 year. Over the course of treatment as families are becoming successful they will begin to step out and allow the families to move forward while keeping them connected with some of the supports.

Family Centered Recovery is a Collaboration between Henderson County Department of Social Services, The SPARC Foundation, the Family Centered Treatment Foundation, and the Duke Endowment.

What is Family Centered Recovery (FCR)?

 An enhanced innovation that combines the successful Family Centered Treatment service with a stronger focus on Substance Misuse in parents that are involved with Child Protection and Foster Care Services

2. Treatment is provided by a Licensed Clinical Addiction Specialist/Licensed Therapist and a Peer Support Specialist

- 3. Targets Recovery in the Family System through high intensity and frequency of sessions
- 4. Includes SAMSA approved strategies to treat substance misuse and family dysfunction

Benefits of Family Centered Recovery

- Reduces multiple appointments with other providers.
- Focused on treating every person in the home (the whole family is affected by a parent's misuse) because all members of the family learn to "live with" addition and must learn how to live without it.
- Recovery Coach through Peer Support Specialist

JOINT SCHOOL FACILITIES COMMITTEE UPDATE

The Joint School Facilities Committee met Friday, February 22, 2019 and reviewed Henderson County Public Schools 10 Year Strategic Conditions Assessment. Vice-Chairman Lapsley and Commissioner Edney provided an update from that meeting.

Commissioner Edney stated the committee met and the School Board provided a spreadsheet including \$149,900,000 of needs. Some of it is ongoing expense such as roofs and maintenance. Their plan called for \$44m the first year, and then spread items out over the next 10 years. We all agreed that this is not realistic and the spreadsheet was more of a presentation than factual. There is no way to do the planning for most projects in that amount of time. It will most likely take until FY20/21 for most of the major renovations to be ready. There will be a follow-up meeting in a couple of weeks to look at their priorities more on a timeline with our four-year plans, to see what we can do, when we can do it, and how it will fit into our budgeting and financing. There number one priority is renovations at Upward Elementary. This presentation did not include the potential based on the development of Tap Root. There is no way of knowing right now what that project will do toward growth of schools, or if it will have any affect at all.

Commissioner Lapsley feels the School Board did an excellent job on the Assessment Report of all school buildings, with the help of an Architectural Firm and a General Contractor. He feels the report comes after a lot of work and is legitimate and well based. He trusts the numbers being shared. There are two categories of school related construction. There is maintenance or "Asset Preservation", work that involves maintaining an asset of the community. The community over the years has invested in over a half a billion dollars in assets owned by the taxpayer. It is incumbent upon the commission to do what we need to do to preserve that asset. We must step up and recognize that we must preserve and protect these assets where we have already invested. These numbers can be spilt into 1) asset preservation costs and 2) renovation or expansion costs with renovation or expansion being the more substantial part of the \$150m, which would require borrowing for a debt service. Asset preservation is ongoing with current monies being utilized each year.

County Manager Steve Wyatt stated that 1/3 of county taxes go toward schools, including the community college. The debt service schedule will be decreasing in the next couple of years which will allow the capacity to take on some of these projects. The money for these projects comes from the taxpayers.

Chairman Hawkins feels that in the future the Board may be looking at a dedicated tax stream for the ongoing maintenance at \$3-4m per year.

2019-24 RESOLUTION - SCHOOL CONSTRUCTION BOND 2019 - ADD ON

Steve Wyatt stated the North Carolina Senate and the North Carolina House of Representatives have legislation under consideration to assist North Carolina County Governments with the financing "for public school facilities through grants to counties for public school capital outlay projects and repairs and renovations."

The formula for distribution to Local Education Agencies (LEAs), though not specifically cited, includes funding for: Average Daily Membership (ADM), Low-Wealth County, ADM Growth, and an Adjustment Factor. As a point of comparison, Jones County with 1,065 students, would also receive \$10,000,000.

Chairman Hawkins made the motion that the Board adopt the Resolution in support of a distribution method that that appropriates funding on a per pupil (ADM) basis, and requires a local match to access the funding. All voted in favor and the motion carried.

# RESOLUTION

- WHEREAS, both the North Carolina Senate and the North Carolina House of Representatives have legislation under consideration to assist North Carolina County Governments with the financing of local K-12 school capital projects; and
- WHEREAS, the distribution of funding, whichever proposal is ultimately signed into law by the Governor of the State of North Carolina, is of critical concern to the Board of County Commissioners of Henderson County North Carolina and the taxpaying citizens we represent; and
- WHEREAS, funding formulas for distribution that have been proposed greatly diminish the amount of funding that would be available to the Henderson County Board of Commissioners and our tax paying citizens; and
- WHEREAS, legislation should be based upon the number of students enrolled in each county school system, and reward local efforts to fulfill county financial obligations to fund the construction and maintenance of local school capital projects, creating a partnership between the General Assembly and North Carolina Counties for the benefit of our students and educational facilities;

**NOW, THEREFORE, BE IT RESOLVED**, that we, the Henderson County Board of Commissioners, hereby respectfully request that the General Assembly of the State of North Carolina distribute any available funding for the purpose of school capital projects on a per pupil allocation based upon Average Daily Membership (ADM), and, require a local match, dollar for dollar, in County funding to access those funds.

Adopted this 4th day of March, 2019.
