SUMMARY REPORT OF THE HENDERSON COUNTY RISK AND NEEDS ASSESSMENT COMMITTEE

- I. Risk Assessment Summary
- II. Needs Assessment Summary
- III. Resource Assessment Summary
- IV. Summary of Gaps and Barriers in the Community Continuum
- V. Proposed Priority Services for Funding

Part I. Risk Assessment Summary

The Risk and Needs Assessment Committee reviewed data gleaned from the Juvenile Risk Assessment instrument administered by Juvenile Court Counselors after juveniles are referred with a complaint alleging that a delinquent act has occurred and prior to adjudication of the juvenile. The Juvenile Risk Assessment is an instrument used to predict the likelihood of the juvenile being involved in future delinquent behavior. For some youth, some of the individual item ratings may be heavily dependent upon information reported by the juvenile or the parent(s). For these items there is a likelihood of under-reporting the incidence of a particular behavior and the actual incidence may be higher than suggested by these figures. In those cases, the figure should be interpreted as a measure of the minimum level of occurrence. Please see attached the most updated Risk and Needs data.

Henderson County Risk Factor Observations: FY 2019-2020

The Risk and Needs Committee met on October 24, 2019, November 21, 2019, and December 12, 2019 to review the Risk and Needs Data. The Risk data includes the review of 232 juveniles for FY 2018-2019.
