2022.125 Agreement with ARCA Design – EMS Base #6

With the selection of ARCA Design as the most qualified responding Architectural firm for the subject project during the Board's August 1, 2022 meeting, staff has negotiated a proposed agreement with ARCA for \$91,000. The scope of the agreement is to perform the design services for the development of EMS Base #6.

Staff recommended a budget of \$110,000 to cover the survey and geotechnical report in addition to ARCA's fee. Due to the ARP funds allocated to the project, staff has worked closely with ARCA to develop an American Rescue Plan Act compliant agreement and other required documents.

Motion:

The Board was requested to approve the RFQ selection of Frank L. Blum Construction Co. and authorize staff to proceed with the negotiations of CMR services.

The Statements of Qualifications received were from Cooper Construction, Harper Construction, Vannoy Construction, and Frank L. Blum Construction.

Offer to Purchase Tax-Foreclosed Property

The Board gave provisional acceptance to the offer of Randy Gene Wyatt to purchase 0.44 acres located at 243 Sparkling Lake Road (lot 16 of High Peak Lake subdivision) in Henderson County, subject to an upset bid. The notice of the possibility of upset bids was published on September 14 in the *Hendersonville Lightning*.

Under Board procedures and the General Statutes, once provisional acceptance has occurred and a final bid after all upset bids are received after published notice, the matter comes back before the board for a final decision on the sale.

Motion:

I move that the Board give final acceptance to the offer of Randy Gene Wyatt to purchase the parcel described in this agenda item and direct that the Chairman and staff execute a quitclaim deed for this property upon payment of all sums due under this offer.

Release of Incentives Agreement (Add on)

ITT Automotive, Inc. ("ITT"), and Continental Automotive Systems, Inc. ("CAS," which expressly includes predecessors in interest in the subject matter hereof to Continental Automotive Systems, Inc.), requested the County execute a release of the County's interest, if any, on November 22, 1996, the agreement signed with the company. This was the original economic development agreement for the plant, now familiar as the Continental Teves plant in Fletcher, North Carolina.

Under the agreement, the County was to convey the site for the plant to ITT. ITT conveyed its interest in the contract to CAS, and the County ultimately conveyed the site to CAS pursuant to a recorded incentives agreement. Under that 1996 agreement, CAS was required to employ 200 persons for a period of at least four years and to invest at least \$65 million. The County was satisfied with CAS' performance under the 1996 agreement. The time for enforcement of the agreement (a "contract under seal" in North Carolina law, with a ten-year statute of limitations) would have expired over a decade ago.

This agreement was sought by CAS to "clear the Incentives Agreement from the title" to the plant site so that CAS may market the property.

Motion:

I move that the Board authorize the Chair to execute the proposed release.

Commissioner Hill made the motion to adopt the consent agenda as presented. All voted in favor, and the motion carried.

PUBLIC HEARING

Chairman Lapsley made the motion to go into public hearing. All voted in favor, and the motion carried.

2022.127 Project Eiffel Corporation – Economic Development Incentives

Brittany Brady presented the Board with the proposed incentives for "Project Eiffel." Project Eiffel is an existing industry within Henderson County and was considering expanding its operations to manifest the Henderson County location as its US Headquarters. The company has a global footprint, and growth opportunities were considered throughout the organization. The project primarily focuses on the construction of real property. The company falls within the Henderson County Economic Development target sectors focusing on industrial manufacturing in the automotive and agricultural machinery industry. If this project gains Board approval, the company will make 4.6 million in investments; 3.6 million in real property, and one million in business personal property over a period of two years. The project would create five new positions with an average annual wage of \$53,100. The company currently employs approximately 160 people in the County.

The year one incentive would be \$14,137.20, and the total incentive over the life of the project would be \$112,312.20.

Elkamet Vice President and General Manager of the East Flat Rock facility Carsten Erkel addressed the Board to express his appreciation for being a member of this community since 2006. He said, upon approval, this would be the fourth expansion for the Henderson County facility. He thanked the Board for their consideration.

Public Input: There was none.

Chairman Lapsley made the motion to go out of public hearing. All voted in favor, and the motion carried.

Commissioner Andreotta made the motion to approve the proposed economic incentives as presented. All voted in favor, and the motion carried.

Commissioner Edney arrived and joined the meeting at 5:42 p.m.

Chairman Lapsley said the Board needs to decide what will be done with the remaining 3.1 million dollars in unappropriated funds. Three formal requests have been submitted to the Board for consideration in regard to the allocation of remaining funds. Those requests include the Town of Fletcher's request for a commitment of funds toward the proposed expansion of and new public library in Fletcher, the Community Foundation, and United Way, which requested assistance with non-profits impacted by the COVID pandemic, and the recreation community in general to expand soccer fields and other recreational facilities in the community.

Chairman Lapsley asked the Board to consider the allocation of \$1.5 million from the remaining \$2 million ARP standard allowance funds for the construction of a library in the Town of Fletcher. The Town of Fletcher has committed 1.5 million, and the State has committed 1.5 million toward the project; Chairman Lapsley asked the Board to consider the allocation of 1.5 million to match Fletcher and the State's commitment.

Commissioner Edney stated he would like the Board to allocate the remaining \$2,032,830 standard allowance ARP funds to recreation.

Commissioner Andreotta was in support of the allocation of funds for recreation.

Commissioner Edney made a motion to designate \$2,032,830 for a sports/recreation facility for a yet-to-be-determined location in the County. The motion carried with a 4-1 vote; Chairman Lapsley was the nay vote.
