

# Landslide and Slope Stabilization Hazard Mitigation Grant Program Henderson County, NC

## Program Information

Henderson County Emergency Management is currently evaluating interest from property owners in Henderson County who may be impacted by landslide hazards at their property. Assistance may be available through the Hazard Mitigation Grant Program (HMGP)..

HMGP funds are intended to help reduce current disaster suffering by funding projects focused on mitigation activities resulting in safer and more resilient communities while also addressing the impacts of climate change and other unmet mitigation needs.

## Types of HMGP projects considered for funding:

- Landslide and slope stabilization
- Land acquisition (purchase) and demolition of structure

If you are interested in consideration for assistance, please complete this form for review by Henderson County Emergency Management: [Landslide and Slope Stabilization HMGP Preliminary Review Link](#) or use the QR code below.

**Submissions will be accepted until May 30, 2025, at 5 PM.**
