SUMMARY OF REQUEST:

On March 27, 2008, the Board of Commissioners held a public hearing on amendments to Chapter 200A, Land Development Code (LDC). During the hearing, several citizens requested that the Board of Commissioners address the issue of the existing manufactured homes standards and the exclusion of manufactured homes from certain zoning districts. Several requests were made to allow manufactured homes in the R1 and R2 zoning districts with additional standards and requirements.

The Henderson County Technical Review Committee (TRC) reviewed the proposed text amendment on June 3, 2008, and voted 5-2 to recommend that the Board of Commissioners approve LDC Text Amendment 2 to allow multi-sectioned manufactured homes in the R1, R2, R-40, WR, and LC zoning districts with changes to SR1.5, 4-b-2 as discussed. Those opposed to the motion stated that the older multi-sectioned manufactured homes were not built to the same quality and appearance standards as today's newer manufactured homes. Staff supports the TRC's recommended change to SR 1.5, 4-b-2 (refer to attachment 2).

PLANNING BOARD ACTION REQUESTED:

The Planning Board first considered LDC Text Amendment 2 at its meeting on June 19, 2008 at which time the Board decided to table the text amendment request until its July meeting. Recommendation from the Planning Board is needed before the Board of Commissioners can make a decision on the rezoning application.

Planning Board action to recommend that the Board of Commissioners approve, approve with modifications, table, or deny LDC Text Amendment 2 would be appropriate.

Suggested Motion:

I move that the Planning Board recommend that the Board of Commissioners approve LDC Text Amendment 2 with the change to SR 1.5, 4-b-2 as recommended by the TRC.

New Proposed Text Amendments to Chapter 200A, Land Development Code

LDC Text Amendment 2:

Issue: During the March 27, 2008 public hearing, the issue of the existing manufactured home standards and the exclusion of manufactured homes from certain zoning districts were discussed. Several requests were made to allow manufactured homes in the R1 and R2 zoning districts with additional standards and requirements. Currently, manufactured homes (singlewide, multi-section, and mobile homes) are allowed in the R2MH, R3, and R4 zoning districts with standards as outlined in SR 1.5.

Recommended Solution: Change the permitted use table and the zoning district regulations to allow multi-section manufactured homes in the R1, R2, R40, WR and LC zoning districts. In addition, change the supplemental requirements for manufactured homes (SR 1.5) to require masonry underpinning on multi-sectioned units.
